

MOTORS FOR COOLING TOWER (GSM MOTORS)

ตัวแทนจำหน่ายมอเตอร์เพลยาว, มอเตอร์สำหรับ쿨ลิ่งทาวเวอร์

Operation in air Stream rated cooling towers ,Frame Aluminium.

COOLING TOWER -MOTORS

GSM cooling tower motors are specially developed for operation in air stream rated cooling towers.

GSM motors are available in frame sizes 71-200, and rated power outputs.of 0.18-7.5kw

Applications:	GSM motors are ideally suited to the cooling tower application, in industries such as food and beverage, air conditioning chemical processing, and petrochemical.
Protection:	GSM motors have a protection rating of IP 55 for maximum protection against water and dust.
Additional enhancements:	2 part Epoxy coated for excellent protection against corrosive solids and liquids, Shaft seal fitted, Silastic sealed.
